

NOTICE OF LANDSCAPE APPLICATION

Date of Application: May 28, 2026

Location: Oak Leaf Park

Reason for Application: As part of our organic pilot program, this park is being treated with a natural soil-enhancement blend designed to improve overall turf health and resilience. This application provides a mixture of soluble humate, seaweed extract, beneficial bacteria, and essential plant vitamins.

Product Manufacturer Name: Organic Approach HyphaLink Nourish

-Active ingredients: N/A

-Precautionary statement: No hazards

*See attached labels

*Dates are subject to change due to weather

HypheLink Nourish is a plant-balanced mixture of soluble humate, soluble seaweed extract, beneficial bacteria, and essential plant vitamins. It is designed to be an effective biological food substrate for use on all types of plants and in all types of soils.

Recommended Dilution Ratios:

3 teaspoons = 1 tablespoon
1 tablespoon = 1/2 dry ounce

HypheLink Nourish	Vol. of Water
2 teaspoons (9.45g)	1 gallon
10 teaspoons (47.25g)	5 gallons
16 tablespoons (8oz)	25 gallons
1 pound	50 gallons
2 pounds	100 gallons
4 pounds	200 gallons

Keep out of the reach of children

Notice: It is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result due to factors that are beyond the control of Organic Approach or the seller. The buyer or user shall assume all such risks.

Warranty Disclaimer: Organic Approach warrants this product conforms to the description on its label and is reasonably fit for the purposes described on its label. In no event shall Organic Approach or the seller be held liable for any incidental, consequential, or special damages resulting from the use or handling of this product. The exclusive remedy of the buyer or user for all claims shall be the return of the purchase price of the product.

HypheLink Nourish

Biological Plant Supplement

100% Soluble Formula

HypheLink Nourish is not a plant food

Contains Soluble Humate, Soluble Seaweed Extract, Beneficial Bacteria, and Essential Plant Vitamins

Organic Approach
128 Weaver Road
Lancaster, PA 17603
(717) 299-2112
www.organicapproach.com

Net Weight: 50 lbs.

DO NOT STORE IN DIRECT SUNLIGHT

Description For Use:

HypheLink Nourish is compatible with most materials, except those with a very low pH (less than 4.0). It is not compatible with calcium nitrate (sodium nitrate is ok). To be safe, an initial jar test is always recommended when mixing this product with companion materials for the first time.

HypheLink Nourish is designed to be an easy to use product that provides a balanced ratio of each ingredient when diluted with water. To retain its original purity keep the container tightly sealed between uses. Dilute only as much concentrate as needed for each use. **We suggest pre-mixing the powder with water in a separate container before adding it to the final spray tank to ensure maximum dissolution, especially in cold water.**

HypheLink Nourish is suitable for conventional liquid foliar and irrigation water applications. It does not need to be watered in for efficacy. It is not recommended to use this product through drip tape unless it is filtered through a 200-mesh screen first. When possible, foliar applications should be made in the morning hours to reduce leaf surface drying time and minimize the potential for encouraging disease activity.

At higher concentrations in solution, this product has the *potential* to stain or tint surfaces, such as concrete walks/drives, fencing, siding, plant foliage, flower petals, etc. Always test a small area when using the product for the first time to determine if there is any coloration the way you wish to use the product. If necessary, reduce the concentration in water until you find the threshold of acceptable coloration for your unique circumstances.

Turf, Fairways, Greens, and Tees		Woody Ornamentals and Vegetative Crops	
Rate Per Acre	Frequency	Rate per 100 gallons	Frequency
5 dry ounces	once per week	8 ounces	once per week
10 dry ounces	every two weeks	16 ounces	every two weeks
20 dry ounces	once per month	32 ounces	once per month
32 dry ounces	max one-time rate	The best results are always achieved by using lower rates at more frequent intervals.	

Pastures and Forage Crops		Other Applications	
Rate Per Acre	Frequency	Rate per gallon	Frequency
1 pound	per application	Potted Plants - 1/2 tsp	every 1-2 weeks
For best results, the grass/crop should be 8" or higher at the time of application.		Transplants - 2 tsp	foliar and root soak

SAFETY DATA SHEET

Revised: 07/09/2018

1. IDENTIFICATION (SUBSTANCE/PREPARATION AND COMPANY)

Product Name: Hyphalink Nourish
EPA No: N/A
Product Identity: Biological Soil and Plant Health Supplement

Supplier/Manufacturer:

Organic Approach LLC
128 Weaver Rd
Lancaster, PA 17603
Phone: 1-717-299-2112
Email: info@organicapproach.com
Emergency telephone number: Chemtrec (Spill) 1-800-424-9300

2. HAZARDS IDENTIFICATION

OSHA Signal Word: Warning

Hazard Statements:

H302: Harmful if swallowed. (Category 4)
H315: Causes skin irritation. (Category 2)
H319: Causes serious eye irritation. (Category 2A)
H320: Causes eye irritation. (Category 2B)
H335: May cause respiratory irritation. (Category 3)
HB1: Microbial Product. No Hazard Statement

Pictogram:

Precautionary Statements for handling:

P264: Wash hands and exposed skin thoroughly after handling.
P270: Do not eat, drink or smoke when using this product.
P280: Wear protective gloves/protective clothing/eye protection/face protection.
P305: If in eyes, rinse with water and seek medical attention if symptoms persist.
P330: Rinse mouth.
P362: Take off contaminated clothing and wash before reuse.
P301: IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
P352: IF ON SKIN: Wash with plenty of soap and water.
P351: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if possible. Continue rinsing.
P313: If skin irritation occurs: Get medical advice/ attention.
P337: If eye irritation persists: Get medical advice/attention.
P405: Store locked up.
P403: Store in a well-ventilated place.
P233: Keep container tightly closed.

P501: Dispose of contents/container properly as required by law for waste pesticides. Keep out of reach of children

Precautionary Statements for disposal - Dispose in accordance with all federal, state and local regulations.

Hazards not otherwise classified (HNOC): None

Unknown acute toxicity: <1% of the mixture consists of ingredients of unknown toxicity

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS No.	Weight %
Proprietary Blend of:		
Soluble Humate Extract	1415-93-6	
Soluble Seaweed Extract	84775-78-0	100%
Soluble Yucca Extract	90147-57-2	
Plant Vitamin Complex	n/a	

4. FIRST AID MEASURES

Eye Contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
Skin Contact	Wash with soap and water. If injury occurs, or if discomfort or irritation persists contact a physician.
Inhalation	If inhaled and discomfort occurs, move to fresh air, and keep person at rest in a position comfortable for breathing. If difficulty in breathing occurs and/or persists, administer oxygen and get medical attention. If medical advice is needed, have product container or label on hand.
Ingestion	Rinse mouth. Drink plenty of water. If you feel unwell, call a poison control center or seek medical attention. Do not induce vomiting of an unconscious person.

Self-protection of the first aider: Use any appropriate personal protective equipment as required for nuisance dusts.

Most important symptoms and effects, both acute and delayed: Nuisance dust irritation may occur with nasal discomfort under highly dusty conditions.

Eye irritation on contact with redness, tearing and burning sensation. Coughing, sneezing, or irritation of nose and throat.

Redness, itching, or burning sensation on skin with prolonged contact.

Indication of any immediate medical attention and special treatment needed: Treat Symptoms. Consult physician if discomfort or irritation persists.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media

Use extinguishing media suitable to local circumstances and the surrounding environment. Options in this case include water, CO₂, ABC Dry Chemical extinguisher, or foam. Avoid stirring up dust extinguisher stream.

Specific hazards arising from the chemical

Thermal decomposition can lead to release of irritating and toxic gases and vapors. In the event of fire, do not breathe fumes.

Explosion data

Sensitivity to mechanical impact: None

Sensitivity to static discharge: None

Note: Excessive amounts of any burnable dusts can produce explosive mixtures if allowed to disperse in the air in confined areas where ignition sources occur. Prevent excessive dust dispersal in areas of use, storage, or production.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and standard protective (bunker) gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment, and emergency procedures

Personal Precautions	Use dust mask and gloves as needed or other reasonable personal protective equipment as required to prevent contact with eyes or skin. Remove ignition sources prior to clean-up. If in eyes, rinse cautiously with water for several minutes. If eye irritation persists: Seek medical advice. If in eyes, rinse cautiously with water for several minutes. If eye irritation persists: Seek medical advice. If experiencing significant respiratory symptoms: seek medical attention.
Environmental precautions	Prevent entry into waterways, sewers, basements or confined areas. Do not flush into surface water or sanitary sewer system. See Section 12 for additional ecological information.
Methods for containment	Prevent further leakage or spillage, if safe to do so.
Methods for clean-up	Use dust mask and/or reasonable personal protective equipment as required to avoid breathing dusts. Moisten or cover powder spill with plastic sheet or tarp to minimize spreading. Take up mechanically, placing in appropriate containers for disposal. Avoid creating dust. Soak up excess with inert absorbent material. Clean contaminated surface thoroughly.

7. HANDLING AND STORAGE

Safe Handling	Ensure adequate ventilation, especially in confined areas. Use personal protective equipment as required to avoid breathing dusts or mists, and to prevent eye contact. Wash hands thoroughly after handling.
Storage Conditions	Keep containers tightly closed in a cool, well-ventilated place. Keep out of the reach of children.
Incompatible Materials	Avoid strong acids or alkali, or other reactive substances.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines

Chemical Name	ACGIH TLV	OSHA PEL	NIOSH IDLH*
Nuisance Dusts	10 mg/m3 (TWA- Total)	15 mg/m3 (TWA total) 50 mppcf (TWA total) 5 mppcf (TWA respirable)	Not Established

*IDLH refers to amounts that are "Immediately Dangerous to Life or Health"

Engineering controls: Use with adequate ventilation and follow safe work practices to prevent dust buildup in air.

Individual protection measures: Use personal protective equipment as required to avoid breathing dust/mist, and to prevent eye contact.

Eye protection	Provide face and eye protection: face shield and goggles recommended if face or eye contact is likely.
Skin and Body Protection	Gloves and standard work coveralls recommended
Respiratory Protection	Dust mask recommended for dusty or misty conditions. If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Respiratory protection must be provided in accordance with current local regulations.
General Hygiene	When using product, do not eat, drink or smoke. Wash hands thoroughly after handling.

Wash contaminated clothing before reuse.

Also see Precautionary Statements in Section 2

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Dry
Appearance	Soluble Powder
Color	Dark Brown to Black
Odor	Non-Distinct
Odor Threshold	No information available
pH	8-10
Melting point/freezing point	Not applicable
Boiling point / boiling range	Not applicable
Flash point	No information available
Evaporation rate	Not applicable
Flammability	No information available
Vapor pressure	Not applicable
Vapor density	Not applicable
Water solubility	>98%
Solubility in other solvents	No information available
Autoignition temperature	No information available
Decomposition temperature	No information available
Oxidizing properties	Not particularly reactive

10. STABILITY AND REACTIVITY

Reactivity

Not Reactive

Chemical stability

Stable

Possibility of Hazardous Reactions

May release heat and fumes when mixed in solution with incompatible reactive materials.

Hazardous polymerization

Will not occur.

Conditions to avoid

High heat, sparks and open flames, as some ingredients may be burnable.

Incompatible materials

Strong acids or alkali, or other reactive substances.

Hazardous Decomposition Products

May emit toxic fumes under fire conditions, such as Nitrogen oxides (NO_x), Ammonia, Oxides of sulfur, Hydrogen chloride and Carbon monoxide.

11. TOXICOLOGICAL INFORMATION

Routes of exposure: Ingestion, eyes (contact), skin (contact), dust inhalation

Symptoms

May irritate the digestive tract if ingested in quantity, causing nausea, vomiting and diarrhea.
Eye irritation on contact with redness, tearing and burning sensation. Coughing,

sneezing, or irritation of nose and throat.
Redness, itching, or burning sensation on skin with prolonged contact.

Sensitization	No information available.
Germ cell mutagenicity	None known unless noted below in Other
Carcinogenicity	No information available.
Reproductive toxicity	The bacteria in this product are typically harmless strains, and are not associated with disease or infection of healthy people (Biosafety Level 1). However, use good hygiene practices. Handle as rich soil or compost. Nonporous gloves recommended. Wash hands thoroughly after handling. Avoid breathing dust. Persons with severely compromised immune systems should consult with their physician before handling microbial products.
STOT - single exposure	No information available
STOT - repeated exposure	No information available
Chronic toxicity	No information available
Target Organ Effects	Lungs-Nuisance dusts
Aspiration hazard	No information available

12. ECOLOGICAL INFORMATION

Fertilizers may be harmful to aquatic life with short term effects, causing algal bloom and increased BOD, depending on the amount released.

Persistence and degradability	No information available
Bioaccumulation	No information available
Other adverse effects	No information available

13. DISPOSAL CONSIDERATIONS

Disposal of wastes:

Excess product should be used up according to label directions, to avoid disposal issues. Dispose of in accordance with Local, State, and Federal regulations.

Contaminated packaging

Dispose empty container with normal trash, unless prohibited by local regulations.

14. TRANSPORT INFORMATION

NMFC 68140-4 FERTILIZER COMPOUNDS (MANUFACTURED FERTILIZERS) NOI, DRY 20 OR GREATER
PCF

DOT:	Not Regulated	ADR:	Not Regulated
Proper Shipping Name:	Not Regulated	ADN	Not Regulated
Hazard Class:	Not Applicable

Hazard Class:	Not Applicable		
IMDG/IMO:	Not Regulated	ICAO:	Not Regulated
Hazard Class:	Not Applicable	MEX	Not Regulated
Marine Pollutant:	No		

IMDG: Not a dangerous good.
ICAO/IATA: Not a dangerous good.

15. REGULATORY INFORMATION

TSCA (USA): Complies.

General Product Information: This product is not federally regulated as a hazardous material.
Clean Air Act: No information is available.
Clean Water Act: This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

SARA 311/312 Hazard Categories:

Acute:	Yes
Chronic:	Yes
Fire:	No
Sudden release of pressure:	No
Reactive:	No

Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

State Regulations:

California Proposition 65: This product does not contain detectable quantities of chemicals known to the State of California to cause cancer or birth defects, or other reproductive harm.

16. OTHER INFORMATION

The information provided in this safety data sheet is correct to the best of our knowledge, information and belief at the date of its publication, however, neither Organic Approach LLC, nor its affiliates makes any warranties, expressed or implied as to the accuracy or adequacy thereof. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
