

NOTICE OF WEED CONTROL APPLICATION

Date of Application: July 14-18, 2025

Location: Oak Leaf Park

Reason for Application: Target weed control in the planters, rock and DG areas, tree wells, and cracks of sidewalks and parking lots.

Product Manufacturer Name: Southland Organics Torched Weed Killer

-EPA registration no. N/A

-Active ingredients: Sodium Lauryl Sulfate (22%), Clove Oil (5%), Cornmint Oil (5%)

-Precautionary statement: Avoid contact with eyes and skin. Do not ingest.

***No applications within 25 feet of playgrounds**

***See attached label and SDS sheet**

***Dates are subject to change due to weather**

DIRECTIONS FOR USE

Shake well before use. Mix eight to ten ounces per gallon of water. Pour diluted mixture into a sprayer.

Set sprayer nozzle to "spray" setting and hold nozzle six inches away from undesired vegetation.

Spray weeds on driveway, sidewalk, garden or lawn liberally with spray but not to the point of run-off.

Re-treat hard-to-kill weeds after five to seven days if needed.

Protect desirable plants during application by shielding them. If accidentally sprayed, immediately rinse the plants and surrounding area with large amounts of water.

Apply when weeds are actively growing.

For best results, apply during warm (above 60° F), sunny weather.

Spray only when the air is calm to prevent drift to desirable plants.

Re-treat if it rains within 24 hours of spraying.

Not for aquatic use.

TORCHED WEED KILLER

Grass and Weed Killer Derived from Natural Ingredients

Safe for people, pets and planet!*

For use on non-selective broadleaf weeds and grasses in driveways, sidewalks, gardens and flower beds.

KEEP OUT OF REACH OF CHILDREN.

Caution: Avoid contact with eyes and skin. In case of contact, rinse immediately with water and seek medical attention if irritation persists. Do not ingest. If swallowed, seek medical attention immediately.

*When used as directed.

STORAGE

Avoid direct sunlight. Store at temperatures above 40° F. Keep container tightly closed in a well-ventilated area. Store in original container in a cool, dry area away from children and pets. Dispose of contents and container in accordance with local regulations. Do not reuse empty container. If empty: Offer for recycling if available or discard in a sanitary landfill. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

This product is not registered with the U.S. Environmental Protection Agency since it qualifies for exemption under FIFRA section 25(b) as a minimum risk pesticide.

Safety Data Sheet

Revision Date: 04/19/2023

Issue Date: 05/12/2020

Version 1.2

SECTION 1: Identification

Product Identifier

Product form: Solution

Substance name: Torched

Synonyms: n/a

Recommended Use Of The Product: Non-selective Herbicide

Supplier's Details:

Southland Organics

189 Luke Road

Bogart, GA 30622

(800) 608-3755

Emergency telephone number:

706-614-7508

SECTION 2: Hazard Identification

Eyes:	contact with eyes will cause irritation and pain
Inhalation:	inhaling vapors or product may cause upper respiratory tract irritation
Ingestion:	may cause irritation to digestive tract, may cause stomach pains

SECTION 3: Composition/Information on Ingredients

Name	Product Identifier	% Composition	40 CFR 152.25(f) list
Clove oil - active ingredient	CAS 8000-34-8	6	
Water - inert ingredient	CAS 7732-18-5	57	
Proprietary soap - inert ingredient	N/A	29	
Ethyl Lactate - inert ingredient	CAS 97-64-3	8	

SECTION 4: First aid measures

Description of first aid measures

First-aid measures after skin contact: Rinse thoroughly.

First-aid measures after eye contact: Flush eyes for 15 minutes with eyelids open. If still irritated seek medical attention.

First-aid measures after ingestion: Drink two glasses of water. Do not induce vomiting, seek medical attention.

Inhalation: Remove the person from affected area to an area of fresh air. If symptoms persist seek medical attention.

SECTION 5: Fire-fighting measures

Flammable	Closed containers can explode due to buildup of pressure when stored or exposed to extreme heat.	
Means of Extinction : Carbon dioxide, water, water fog, dry chemical, chemical foam		
Flashpoint: None	Upper Flammable Limit (% by volume) n/a	Lower Flammable Limit (% by volume) n/a
Autoignition Temperature (°C): Not determined	Explosion Data - Sensitivity to Impact: n/a	Explosion Data - Sensitivity to Static Discharge: n/a
Hazardous Combustion Products: n/a		
This is a non-flammable solution.		

SECTION 6: Accidental release measures

Leak and spill procedures: Confine spill, use personal protective equipment as required. Prevent further leakage and spills by removing products and flush with water. Dispose of cleaned up product properly.

SECTION 7: Handling and Storage

Handling Procedures and Equipment:

Handle with accordance of good industrial safety practices.

Storage Requirements:

Keep containers tightly closed. Store in a well-ventilated place.

SECTION 8: Exposure Controls/Personal Protection

Not applicable

SECTION 9: Physical and Chemical Properties

Appearance	Brown liquid
Odor	Clove
Solubility	100% in water

SECTION 10: Stability and Reactivity

Chemical Stability: Yes

Incompatibility with other substances: No

SECTION 11: Toxicology Information

Effects of Acute Exposure: none

Effects of chronic exposure: none

Irritancy of Product

Skin sensitization: none

Respiratory sensitization: Avoid breathing in

Carcinogenicity - IARC: none

Carcinogenicity - ACGIH: none

Reproductive toxicity: none
Teratogenicity: none
Embrototoxicity: none
Mutagenicity: none
Name of synergistic products/effects: n/a

SECTION 12: Ecological Information

Aquatic Toxicity: none known
No environmental impacts

SECTION 13: Disposal Considerations

Dispose of in accordance with local laws.
Dispose of in accordance with national regulations.

SECTION 14: Transport Information

This product is not DOT regulated.

Ship in an upright position.
NA number: Not applicable
NA proper shipping name: Not applicable
Transport Hazard Classes: Not applicable
Environmental Hazards: Not applicable
Bulk Transport: Not applicable

SECTION 15: Regulatory Information

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all of the information required by CPR.

SECTION 16: Other Information

This is believed to be an all-natural organic product that is safe to handle.

All information contained in this SDS is believed to be accurate based on the information available at this time. No warranties, expressed or implied, are made.
